History

History

Born in an upper-class family, Candace's life was changed the moment discovered her passion for the arts at a young age. Singing, dancing, and most of all, performing were something she was highly interested in. While she draws from time to time, taking a role on-stage was always something she had a penchant for. It was mostly high-school performances, but after graduating she never really found an outlet for her talents, at least until she ultimately decided to move to Baltimore to pursue her dreams of being an actress some day.
Things appeared to be looking up after an audition one night in June, in which she was praised up-and-down for her skills, even being told she was a promising young star. Unfortunately, it was that exact same night she was Embraced into the Toreador Clan, her Sire having recognized her talent as something truly extravagant whilst watching her performance. Being educated about her new nature, her powers and the Masquerade, it felt as if everything had come crashing down that night.
