History

History

Raised in White Marsh to a lower class home with a theater actress Mother and a teacher father. Her family didn't have much but they managed to secure her a few roles as in child roles for various small series around the state. The roles eventually began to come up as she got older and by age 18

became a rather known actress in the local area, getting a role as a supporting actress in a tv show called 'Our Angels.' The show shot her career up and soon she got a star role in a romance movie called 'Tax Break.' She rapidly began to become known for being a leading lady in various romance movies. By the age of 30, her career was destined to explode into the mainstream. The night that it all changed, of course, made that complicated

She met her sire at a audition. The woman was one of the production crew who called her into a private meeting and offered her a chance to get a new direction to her career. She accepted and quickly she was embraced into the world of Kindred. Her sire was helpful but was flighty, like all Toreador, and they lost contact as they pursued different paths. Now Jasmine has begun a talent agency and works mostly behind the camera, guiding new talents. She has been, rather unwisely, maintained contact with a Thin Blooded childe who has joined the Anarchs.
