History

History

Born at the turn of the 20th century in western Russia, Koz was known as a scamp who had a knack for conversing with all sorts of people.

Pressed into the military at 17, he worked as a translator and truck driver on campaigns through Germany and what was emerging as Ukraine.

Embraced during 1918, he survived both world wars as a vampire and eventually went to America to have a minor rebellious phase as a Hell's Angel biker. Being reigned back in under the Pyramid's

control irks him, but he is developing the mask of a drag king deathcore frontman in Baltimore, so unlife could be worse!
