Juliette Sterling

Overview

Overview

Juliette Sterling, or as she's known online, "bitchsilver", is a twitch streamer queen and mean girl extraordinaire. She commands a legion of unwashed fans and can shift the online world from anywhere with an internet connection. A hunger for knowledge, secrets, and the drive to be smarter than everyone else fuels her ambition, even if she's stuck laboring under the structure of Clan Tremere. Her ascent up the ranks is more than guaranteed though, as long as she can prove she's worth more than just a piggy bank on a screen.

Juliette usually has her hair in some form of braids, tails, or double buns. Her outfits are almost always accessorized with occult jewelry, temporary tattoos, and her signature fang pattern facemask.

Her street clothes include a silver and pink zip-up puff jacket, long black leggings, and pink hi-tops. More formal gatherings engender a slinky, draping red shoulderless dress.

History

History

Juliette Sterling grew up in a normal household in Silver Spring, Maryland, in a middle class family with a dog, a cat, and a computer. Her parents were both well-meaning but distant, and as the young Juliette grew up the family PC became her babysitter, friend, and confidante. It was online she learned about memes, and comedy, and emotion, and experience, and why she felt so wrong in the body she'd been born with.

Being the daughter of the idle-yet-busy rich bought access to many things that less fortunate young ladies wouldn't have, and she only grew up more spoiled and selfish. Then, the discovery of just how ripe the internet was for mischief...catfishing desperate adults in chatrooms, getting people to send her compromising material in exchange for the most innocuous things. She grew to luxuriate in the small cruelties and the power she held by knowing things about people.

Eventually, the most cursory of ultimatums came down and Juliette was forced to go to college and earn herself a degree like most children of the landed gentry. Even so, she was already well on her

way to being a millionaire with the launch of her twitch channel and associated socials. Telecommunications seemed like a natural fit, and she soon had a little gaggle of hangers-on that followed her and performed services for her in the hopes of sipping on just a taste of her fame and fortune.

It was this that drew the attention of her soon to be sire, when she was able to manipulate a few of her professors into passing grades as well as ignoring a sudden and tragic loss the student body suffered. There was no actual proof of course, but the whispered rumors were that Juliette had used her fanbase to bully the student into it, all because they continued to upstage her in class.

Now leading a double life ensconced in the study of blood and occultism, Juliette balances her own ambition, her ties to her sire and clan, and her still very much alive parents, now wondering just what their daughter is doing with her life....
