History

History

Jacob Wasn't pleased when he found out he had a daughter, but since the mother had died he decided it was just time for another member of the Giovanni family.....or maybe plans for something bigger. Not many people knew Klara Sauber was Jacob Koenig's daughter and he intended to keep it that way. Klara never really had a childhood, she was learning about family business and running business since she came under Jacob's care at the age of 12, this deadened her to normal life. Normal life now was Giovanni life. She never saw Jacob as a father, and knew he would dispose of her, like he

disposed of so many messes, if she became a problem. Maybe it was better that she just did what was expected, maybe she could learn more from the Giovanni family than her father intended her to learn.
