History

History

Family: the Beauregard family traces their line back to a lesser noble family in France. Of the same last name. These lesser nobles left france during the revolution. And came to live in louisiana where they started a very successful plantation.
The family may not be of the 1% but they do have deep pockets and deep ties to old money very set in its old ways.

Life: Beaufred Bellfrie Beauregard The 3rd was born with a silver spoon in his mouth. His father was very strict. And he instilled in his son the virtues of honor and loyalty and lawfulness.
Beaufred didn't know, but he is Asexual and his little to no interest in girls made some think him gay.
His family arranged a marriage for him with a beautiful and wealthy wife named Anabell.
Though he never had any true romantic or sexual feelings for her, he felt it was his duty to love her, so he forced himself to at least love her like a very close friend.

Even though he didn't enjoy the sex, he was looking forward to the idea of being a father, but on the night that Anabell was going to give birth, Beaufred died.

Un-Life
His Sire "Victor Von Volkonsky" (a venture), had been watching. Beaufred for a long time, Victor was in the process of getting official permission to embrace Beaufred when Victor learned of the baby.

Victor felt that if Beaufred lived long enough to see the baby be born, the act of becoming a father might make him love the baby so much it would be nearly impossible to pull him away from his family and into the night.

So Victor grabbed Beaufred less than an hour before the birth and embraced him.

This embrace was without the official permission of the camarilla, so both of them were soon taken to trial.

(this was about a month after embrace)

Beaufred didn't know much about the camarilla at this point, but he had been told some things.

When he was asked to plead innocent or guilty, Such was his honor and sadness that he pleaded guilty and bowed low. And told the Prince, "According to your ancient and wise laws, you, my prince, are within your right to slay me. I dare not argue with your judgment."

This caused the Prince to spare Beaufred. But not his sire

Beaufred was, in most cases from that day on, super loyal to the camarilla way, BUT he did struggle; he was addicted to watching his family.

And so to help him get over his family, the Prince sent him away from the city, far away on a mission. To help spread the ideas of the Camarilla to anarchic cities
