History

History

Sammy Gucci was born at a very young age to a couple that were absolutely not prepared for her. She grew up knowing about the presence of spirits around her, haunted by ghosts at the edge of her vision, and she was treated for psychotic mania as a teenager. When Sammy became 16, she drew the attention of a Toreador named Dawn who was getting into dark web shenanigans and noticed her hacking skills online. He ghouled her young, and embraced her on her 18th birthday to preserve her beauty for eternity ... or the closest thing to it.
Thus, Sammy was blood bound to Dawn and enslaved to the Giovanni family to do deliveries for them. Blood, drugs, bodies, and more all delivered under the pretence of pizza. Until, on Sammy's 10th death day, something snapped. She cut a deal with a Sabbat assassin and got Dawn did in. Now she's free, a made man, and looking to start her own criminal empire in Baltimore.
